

Dear Year 5 Families,

We just wanted to wish you all a Happy Easter!

We know everything is a little different and wanted to remind you to have a bit of a rest over the Easter break.

If you would like to continue doing school work, to keep things normal, then feel free to use the 'Work From Home Pack 2'. If you prefer to rest, that's also ok; you can start a fresh term, after the break! These times are strange for everyone, but just remember you should be doing what is right for you and your family. Keeping everyone safe and happy is the number one priority.

Please keep sending us the emails of your work. We are loving seeing what you are up to! We will get back to you, as appropriate, as soon as we can, but please do not expect an instant response.

We hope you are all keeping safe and well.

With love from your Year 5 Teachers 😊
