

Centre overview for online learning:

9.30 : Live English (Reading Comprehension, Spelling or Writing) teaching

11 15: Live Maths teaching.

1 30: Monday - Live science teaching, with follow-up activity

Tuesday – Live social skills sessions, with linked activities

Wednesday – Live art lesson, with follow-up activity

Thursday – RE lesson provided on Google Classroom

Friday – PSHE lesson provided on Google Classroom.

Due to the differing needs of our children, English and Maths lessons are all small group or 1:1 based – children have each been provided with a personal plan so they know which groups to join.

The children in school will be completing the same activities as those at home, as well as taking part in additional sessions in Forest Schools and PE.

A member of Centre staff will be providing feedback to those uploading any work onto Google Classroom.
